Hi Tim,

E89 is not an EPA project. U62 is a separate HAMP related EPA-funded project that expires in December. The funds are with IHS currently. However, I've advised them to close out the project and return the funds to EPA. Once I receive them, I intend to bundle them with the other HAMP related funds that had been returned to EPA and I will add them back to the current HAMP project and IA. That way the funds will be good for the duration of the current HAMP project. I will keep you informed as to when that happens (likely later this year or early next year). Unfortunately the returns process can take a while.

Thanks

Emmanuelle

Hi Emmanuelle,

Are the U62 \$985,000 and E89 \$200,000 EPA contributions included in the Project Summary document total of EPA SDWA TSA FY 2018 \$3,000,000 contribution?

Or are those funds still available at IHS ?
